The course of the lesson - activities leading to the achievement of the lesson's goals and their duration:

First phase (5 min)

1. Organizational activities:

a. The teacher begins their Teams class meeting online by saying hello.

- b. Then the teacher introduces the topic, checks the presence
- c. The tutor gives the goals of the lesson and makes sure that the goals are understood.

2. Warm up (5 min)

The teacher asks the students to think for a minute and remember at least 5 names of the countries in English and then present them to the class.

2nd phase (35 min)

1. Teacher sends the link to a 6 minute video with a game, where students have to guess which country the food comes from. After each picture the teacher stops the video and students try to guess.

2. After the video, the teacher tells the students to write down the names of the presented countries in their notebooks.
3. Students work individually and look for the names of nationalities connected to the countries they have written earlier. Then they note them down next to the countries. The teacher gives the information about the languages spoken in each of them.
4. The students do a few activities in their workbooks and read them out to the class.
5. The teacher gives the link to the vocabulary quiz where the students have to divide the words into two groups: countries and nationalities. The students send their score and time after completing the quiz. The best student gets a prize. Alternative quiz included.
